

{jcomments off}The Issues Committee can provide a forum for AmCham members to interact and discuss specific needs and topics. It can serve as a resource for sharing information through networking opportunities or through events and programs about the latest in best practices. Issues include but are not limited to:

- Corporate social responsibility
- Education and Training
- Engineering and Construction
- Entrepreneurship
- Environment
- Financial Services
- Health and Human Services
- Information Technology
- Legal

- Logistics and Transportation

- Manufacturing

- Media

- Real Estate

- Science and Technology

- Taxes

- Travel and Tourism
